

CSC-450, Résumé and Mock Interview Assignments

Submit a résumé to the Office of Career Success at Eastern who will review it and provide feedback.

In order to submit your résumé, you can walk in during their walk-in hours (see below) or submit through their website. If you do this, make sure they keep a record that you came in. If the latter, you will need to first create an Eastern Career Network (ECN) account from <https://www.easternct.edu/career/career-exploration-resources/career-exploration-tools.html>. Once an account is created, you can upload your résumé so that you can get feedback. Following the due date, I will get a list of students who have submitted résumés. If you would like additional feedback, you may optionally submit your résumé to me (to dancikg@easternct.edu).

You are welcome to select a résumé style that works for you, and are encouraged to follow the examples covered in class. Your résumé should include the following sections:

- Your contact information
- An objective, tailored to a specific job
- Your educational information
- A list of relevant skills and/or projects
- Your employment history / experiences
- NO spelling or grammatical errors!

Additionally, you may include relevant courses, volunteer work, leadership positions, etc.

Optionally, I encourage you to also participate in a mock interview with the Office of Career Success. One of the best ways to get good at interviews is to practice.

Please stop by or schedule a mock interview through the Eastern Career Network page (see below). It would be useful if you select a specific job to interview for.

Your interview will be 15 minutes in length and will be formally recorded when completed. You will receive feedback on how to improve your interview performance in the future at the conclusion of the interview (if needed!). You should take this opportunity seriously as interviewing well is an important life-long skill.
